Empty Toboggan

**Terrain:** More to most difficult, smooth and moguled

**Performance Objectives:**
1. Maintains BALANCE, ski or rides with stability
2. Demonstrates effective use of EDGES
3. Uses ROTARY movements to steer skis or the board at the appropriate point of the turn or skill maneuver
4. Applies effective PRESSURE throughout the turn or skill maneuver
5. Maintains awareness for safe SPEED and consistency as appropriate for people, terrain and conditions
6. Selects appropriate route
7. Uses short swing turns as appropriate
8. Demonstrates use of skill maneuvers as appropriate
9. Performs effective emergency stop if asked
10. Ensures minimal slipping or bouncing of the toboggan
11. TELEMARK turns may be used, but not required

**Critical Standard:**
Does the candidate safely and efficiently control the Empty Toboggan while predominately skiing to the accident site?

**Tail Rope -- Loaded Toboggan**

*Terrain: More to most difficult, smooth and moguled*

**Performance Objectives:**
1. Maintains BALANCE, ski or rides with stability
2. Demonstrates effective use of EDGES
3. Uses ROTARY movements to steer skis or the board at the appropriate point of the turn or skill maneuver
4. Applies effective PRESSURE throughout the turn or skill maneuver
5. Maintains awareness for safe SPEED and consistency as appropriate for people, terrain and conditions
6. Strives for optimal and safest position behind the toboggan
7. Effectively manages the rope
8. Demonstrates use of skill maneuvers without interruption to the front operator, as appropriate
9. Anticipates the front operator's direction changes and maneuvers
10. Assists with braking activity -- either planned or for an emergency stop
11. SNOWBOARDERS should maintain heel side through entire demonstration -- no transitions required

**Critical Standard:**
Does the candidate safely and effectively manage the tail rope, using appropriate skill maneuvers, while maintaining optimal position for braking or an emergency stop?

Front -- Loaded Toboggan

Terrain: More to most difficult, smooth and moguled

Performance Objectives:
1. Maintains BALANCE, ski or rides with stability
2. Demonstrates effective use of EDGES
3. Uses ROTARY movements to steer skis or the board at the appropriate point of the turn or skill maneuver
4. Applies effective PRESSURE throughout the turn or skill maneuver
5. Maintains awareness for safe SPEED and consistency as appropriate for people, terrain and conditions
6. Selects appropriate route
7. Controls decent without abrupt starts and stops by either chain brake usage, skill maneuvers, or both
8. Demonstrates use of skill maneuvers as appropriate
9. Effective communication (verbal and non-verbal) with patient and Tail Rope
10. SNOWBOARDERS can face up hill when positioned toe side

Critical Standard:
Does the candidate safely and efficiently control the toboggan while monitoring the patient?
